The Virtual Simulation Experience©

Test your communication and clinical skills in a 75-minute immersive, virtual experience!

Description:

1) Virtual Simulated Patient (VSP) Communication Experience (30 min)

Practice your communication skills by completing a focused patient encounter with a LIVE Virtual Simulated Patient (VSP). Enhance patient communication skills as you traverse challenging conversations, embedded with patient values and concerns.

2) Virtual Gaming Simulator Experience with Case Continuity (30 min)

Practice your clinical reasoning and skills with a compatible case on a virtual gaming simulator. Enhance clinical reasoning and skills by completing physical exams, ordering diagnostics and interventions, consulting with other departments, and submitting a final diagnosis! At the end, you will receive a score and earn continuing medical education (CME) credit for a score of 85% or higher!

3) Debrief Consultation (15 min)

End the experience with a debrief consultation where we discuss insight, feedback, and results.

CASE LIBRARY

The Virtual Simulation Experience© is available now!

As a student looking for extra practice, our cases are always available and rotate daily! Just choose a time that works for you.

As faculty looking for virtual clinical simulation training for their students, choose a case(s) from our course library or create your own case(s). Once available, have students choose a time that works for them.

Each session includes:

- Virtual Simulated Patient (VSP) Experience
- Virtual Gaming Experience
- Verbal Feedback with Scored Results
- CME credit with scores over 85%

Case/Course	Unit	Price
Standard Case	(1) 75-minute session	\$99/per student
Standard Course	(3) 75-minute sessions	\$267/per student (10% disc)
Customized Case	Create (1) 75-minute session	\$199/per student
Customized Course	Create (3) 75-minute sessions	\$537/per student (10% disc)

AIM IPE ACADEMY

INSPIRATIONAL BY DESIGN™

Virtual Interprofessional Education and Practice

AIM IPE Academy

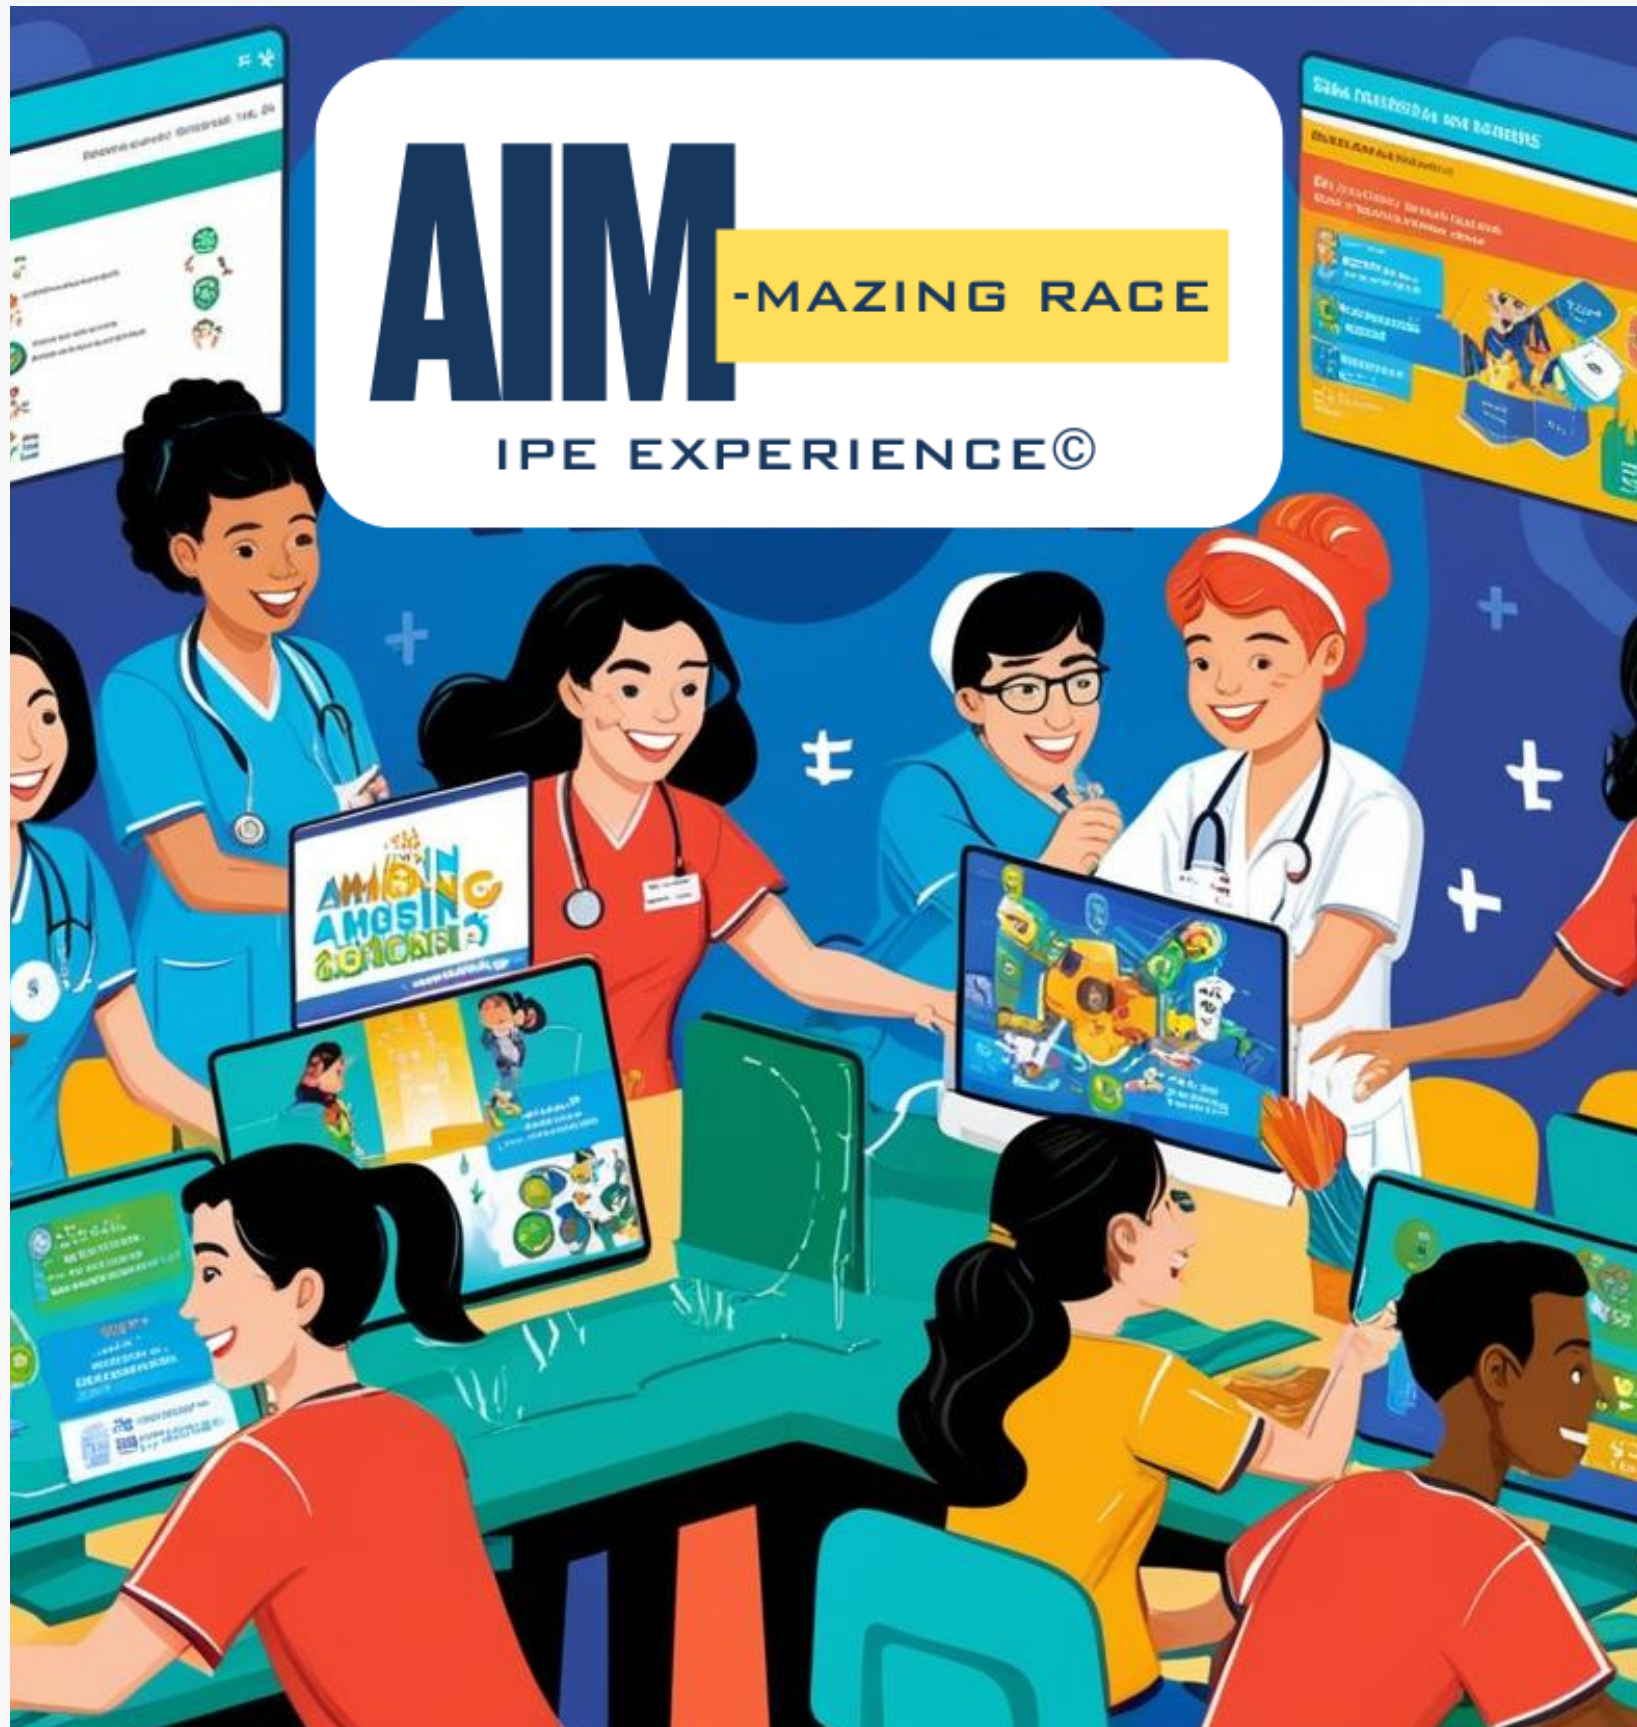

AIM IPE ACADEMY

Are you looking for interprofessional education and engagement opportunities for your students? Would you like them to network and collaborate with others from across the country in an immersive virtual training and become certified?

Description:

Gain a comprehensive perspective by participating in this expertly designed, interactive, and immersive program aimed at enhancing communication and team collaboration skills. This program will enable students to communicate effectively as a provider, patient, and team member within an interprofessional education and practice context. The final assessment involves competing with other teams to achieve optimal patient outcomes in the **AIM-mazing Race: IPE Experience®**.

This opportunity is not to be missed!

A.I.M-mazing Race: IPE Experience©

Test your team communication and critical thinking skills while you collaborate with professionals from other disciplines in a 2-hour immersive, virtual experience!

Description:

Your journey starts HERE! Each session *includes*:

- Virtual Simulated Patient (VSP) Communication Experience
- Virtual Gaming Simulator Experience with Case Continuity
- Virtual Scavenger Hunt with Puzzle Challenges, AI Chatbots and More!
- Debrief and Self-Reflection Activities

Join a team and work collaboratively to solve a patient case and save the day! Use your professional strengths and communication skills to practice team-based scenarios and arrive at the BEST patient outcome.

COURSE

The AIM IPE Academy will be available LATE FALL 2025!

This course includes:

- **Online Modules** - Asynchronous and at own pace.
- **Interactive Workshops** - Synchronous and focused on communication skills and models.
- **Virtual Simulated Patient (VSP) Encounters** - Practice communication skills in simulated clinical scenarios.
- **Game Simulators** - Practice clinical skills and reasoning on game simulators.
- **Capstone Assignment** - Teams identify a "Current Issue" in healthcare, propose a digital solution, and present it in a digital format.
- **Feedback Sessions** - Formal and informal feedback integrated throughout the program.
- **The AIM-mazing Race: IPE Experience©** - A competitive simulation designed to assess the application of IPE principles and communication skills.
- **Team Debrief and Awards Ceremony** - Concludes the program, reinforcing learning and recognizing achievements.

Course	Unit	Price
AIM IPE Academy	• (1) Course • (1) <i>AIM-mazing Race: IPE Experience©</i>	\$299/per student
<i>AIM-mazing Race: IPE Experience© only</i>	(1) immersive 2-hour session	\$396/per team (Team of 4)

VIRTUAL ESCAPE ROOM COURSES

INSPIRATIONAL BY DESIGN™

Virtual Escape Room Course

Unlock your student's knowledge in an immersive virtual escape room course designed specifically for ANY discipline!

Description:

Apply your classroom learning to solve real-world challenges while building essential teamwork and critical thinking skills.

Integrate Educational Technology and e-Learning modalities into your course by embedding:

- ***AI***
- ***Live Simulated Patients or Participants***
- ***Gaming Simulators***
- ***AR/VR***
- ***WebApp Simulators***
- ***And so much more!***

Customized to complement your classroom learning or build a professional development event for your staff, this comprehensive and fully interactive virtual escape room will enhance and promote collaboration skills, critical thinking, and independent learning.

COURSE LIBRARY

The Community Health Challenge Virtual Escape Room Course for Nursing is available now! It can be assigned independently or as a team.
